

WORKERS FOR MEXICO MISSION THANKS YOU FOR YOUR PARTNERSHIP

30th ANNIVERSARY

Luke 10:2

**The harvest truly is great, but the laborers are few:
pray ye therefore the Lord of the harvest, that he
would send forth laborers into his harvest.**

30 / 60 years in reality. It started in the early 60s, when CLINTON LOONEY of Grundy, Va. Headed to Mexico with no language skills and little support. But he began to start churches, train leaders, then on to the next place. He started a radio ministry that taught thousands. Dozens of work teams came to help and build.

Then in 1995, the Nashes and Sugar Grove church joined to form a 501c3 corporation and strive to expand into new areas and supporters. WFM now supports over 50 ministers/churches in 13 states and works to plant new congregations. Universidad Cristiana University with JAIME CASTRO reorganized and trained workers. We have children feeding programs, camps, built a Medical clinic, and helped the poor. One of the great steps was Con Mis Manos, the school/home for the *deaf*, which are ignored in Mexico. CMM has attracted national attention with JESUS & MICHELLE ZUNIGA supervising many programs and beautiful campus. Many of our supporters designate to certain areas, programs or individuals. Our philosophy continues to have native Mexican Christians reach their own people with our help.

We need your support and THANK YOU for prayers and offerings to grow and bring the gospel to Mexico. We send all money to Mexico and print newsletters each month. GOD BLESS YOU for years of help. For first time in years we will not be at Atlanta International Conference on Missions, to save money, but will finish our anniversary with large booth at ICOM 26.
